

Welcome to Decor Commercial

Decor Tiles was founded in 1976, and although we've grown beyond all recognition since then, we still operate with the same friendly values we've always had, and which remain incredibly important to us in business as in life – we want our customers to feel they can trust and rely on us to deliver the excellent service and value they need to satisfy their requirements. Since 1999 we've been based at our warehouse and showroom premises in North Watford, an important transport hub easily accessible from the surrounding towns of Radlett, St. Albans, Abbots Langley and only 20 minutes via the M1 from the popular areas of North London, and with instant access to networks carrying us North and to the rest of the country.

Enjoyed by architects, designers and retail clients alike, our showroom is recognised as being one of the best tile showroom experiences available in the home counties and many of our architect clients refer to it as an extension of their own offices as it's a beautiful light open space that provides a wealth of creative influence and technical know-how. We're frequently told that more decisions are made here in one short visit than it can take a week to decide on site with just samples.

In this presentation you will see some of our stocked ranges, which does not include the wealth of material we can order direct from our factories across Europe, so if you don't see the right tile for your project please get in touch and our consultants will source whatever you need.

In the Decor Commercial department, we believe that every project is more than just tiles and grout; it's also about building lasting relationships. We understand that managing large scale construction projects can be daunting and stressful, and that's why we're here to support you every step of the way!

Our friendly team is dedicated to providing a personalised service, ensuring your vision comes to life just as you imagined. From the initial consultation to the final touches, we're committed to clear communication, transparency, and a collaborative approach.

Whether you're working on a cosy home renovation or a large-scale commercial project, we're excited to help you turn your ideas into reality. Let's work together to create something beautiful!

We have split our tile ranges into three categories and price ranges for quick reference based on your budget.

Contract is our most reasonable priced section featuring ranges below £21.00*. Ideal for first time buyers, rental properties and commercial areas.

Essential is our more average priced ranges at £21.00 - £36.00* this price bracket is the most selected, giving you a lovely tile at a respectable price

Premium is our higher priced ranges at £37.00* for those who really want to push the boat out for that wow factor

* All prices are exclusive of vat.
